Sub: Exploring International Collaboration with the Faculty of ..... of Kadiri University (UNIK): Indonesia's Top Ranked Private University

Dear..... ,

Greetings from Kadiri University (UNIK) Indonesia.

We trust you are doing well and staying safe in these unprecedented and challenging times. The purpose of reaching out to you is to explore possible avenues of cooperation between our two institutions.

We take this opportunity to give you some information about Kadiri University (UNIK) is one of the top private universities in Indonesia. It was founded on the 1st of October 1980 under the regulation of the Ministry of Education and Culture, Indonesia. UNIK is one of the few universities in Indonesia that is highly focused on maintaining world-class teaching standards and involved in many international activities in the different parts of the world. UNIK is a research concentrated university, which is highly dedicated to its fundamental institutional values of interdisciplinary and advanced pedagogy and global engagement.

UNIK has established six schools and twenty study programs: School of Law, School of Public Administration, School of Engineering, School Agriculture, School of Economics, and School of Health Science. UNIK is known for the high quality of its teaching and research. Students are taught by experts in their industries and provided with real-world skills that will be invaluable to them upon graduation. UNIK scientists and researchers have been responsible for many breakthroughs and technological advances

UNIK has a strong focus on Internationalization and we strive to integrate and impart the best in teaching and learning to our students, staff, and research scholars. Towards this, we have created numerous meaningful partnerships with leading & top Universities across the globe. These partnerships include diverse modes of collaboration, namely, student exchange, faculty exchange, joint publications, joint research, dual degree programs, immersion programs, joint seminars and conferences, joint executive education programs, joint teaching programs, and short-term study programs (summer and winter schools).

We have attached a brief overview of UNIK for your reference and also welcome you to visit our University website: <http://unik-kediri.ac.id/>

### **Message from the Rector**

The constructivist approach is about the provision of knowledge, incorporated with the precise and modern development of skills. It also focuses on empowering young minds to be effective and drive innovation during the learning process in order to make a significant contribution to the development of the nation.

Kadiri University offers a wide range of Diploma to Master's degree courses, integrated with national and international standards, integrated with research-based projects in all major fields of Law, Social Science and Political Science, Public Administration, Agriculture, Agrotechnology, Agribusiness Economics, Management Engineering, Health Sciences, Midwifery, Nursing, and Pharmacy.

Kadiri University, apart from having the vision to develop science and technology (science and technology) as a provision to build the Nation and State, and more importantly we are also work-oriented. Thus, work apart from being a medium of service is also a means to achieve future prosperity. We are waiting and welcoming the presence of fellow prospective students, the young generation of the nation's hope on our beloved campus, Universitas Kadiri.

Thank you.
